

המלצה ממר רוברט: איטום מרתף בבית פרטי בראש העין.

December 2019

I am very happy to recommend the basement sealing provided by Itumariel.

They did a thorough testing to identify where the leakage was by a water test.

After the initial sealing they again did a water test to check and fix all leaks until they (and I) were satisfied.

They were professional and thorough and told me what they were doing as they worked.

They also provide a three year warrantee on their work.

Robert
